HAMPTON VA

NEW 2014 PRELIMINARY MAP

HOW TO VIEW & PRINT A MAP OF YOUR PROPERTY

USING FEMA INTERACTIVE FLOOD TOOL

1. Click: **http://maps.riskmap3.com/VA/HamptonCity/**

2. Click "I Agree" to the disclaimer

3. Insert street address, PLUS ZIP CODE, in the box titled "Find an address" and click "Locate"

4. Go to the box with the red bulls eye showing your address and select "Zoom to"

5. Zoom closer by double-clicking or scrolling the mouse wheel until the "Reporting Mode On" box appears and click "OK"

6. Click on the structure – an inset will pop up showing "Effective Date 8/16/2011" (current map) and "Preliminary Date 7/31/2014" (proposed map).

7. Click the blue box with the printer symbol, which is adjacent to the legend

8. Your computers printer box will come up, and you will print as you normally would

Legend:

The data below each picture will list the flood panel and the flood zone(s).

Zone AE – 100 year floodplain or 1% annual chance flood – shaded blue

Zone VE – Special Velocity area of 100 year floodplain along the coast – shaded pink

Zone X – 500 year floodplain or 0.2% annual chance flood – shaded tan

Zone X – Out of the 100 year floodplain - no shading (satellite view)
